## Where older people choose to stay.

Since opening in January 1995, Forget me not has created a unique “home from home” environment that is both friendly and relaxed.

Forget me not believes there is great importance in ensuring that families, friends and visitors are involved in the care of their loved ones. It is these values that makes the home one of the best in the area and a place where older people choose to stay.

The home’s objectives are to create a

- friendly
- secure
- homely
- happy

atmosphere for its residents and visitors alike.

Our residents are always treated with

- dignity
- respect
- independence
- privacy

## 16 Single Rooms

The 16 rooms, ten on the ground and six on the first floor, have been individually decorated to cater for all tastes. Residents are invited to bring their own furniture, ornaments and pictures to personalise their room but the home can supply furniture if required.

## Meals

Eating well is imperative for health and happiness, and the home ensures that good quality, wholesome food is provided daily.

The residents are involved in the choice of menu during informal discussions and at regular resident meetings. The home’s cook takes great pride in providing freshly prepared meals to cater for each resident’s tastes and diet.

## Activities

Forget me not provides a weekly activity programme incorporating the interests of current residents. Every Monday an activity calendar is provided to each resident based on a theme. Examples of activities:-

- Out for a ride
- Garden Party
- Pamper
- Brownie visits
- Giant crossword
- Bingo

Residents are encouraged to give suggestions for further activities.

## Staff

Forget me not is committed to providing trained, competent staff. Staff undergo a strict recruitment and induction schedule and only those with good communication skills and a genuine caring approach are employed. The management perform regular training sessions in subjects that relate to the needs of the current resident, such as:-

- Food and Nutrition
- Safeguarding
- Dementia
- Fire Safety
- Medication
- Infection control
