Betty's 90th Birthday

Betty turned 90 on the 29th of February but as it was a leap year she celebrated on the 28th!

Her family visited and she received a fantastic blanket with lots of family pictures printed on to it. As you can see Betty is very proud of it!

Visit to Boulters Lock Home

Molly, Reg, Kathleen and Joan enjoyed a visit to Boulters Lock with Tania and Shirley, where they were treated to tea and homemade fairy cakes which were delicious!

Molly enjoyed a guided tour and said it was lovely, Kathleen met an old friend. and everyone had a very enjoyable day.

We have invited them to come and celebrate St Georges day with us.

Virus

Five of the residents have recently been struck down with a virus.

Environmental health have been informed and we have ensured that Forget me Not has followed infection guidelines by keeping those affected in their rooms and checking on them regularly

An e-mail was sent to family and friends advising not to visit the home until the virus has been clear for 48 hours, and a notice was displayed on the front door, however should visitors still wish to visit please ensure you wash and sanitise your hands on entering and leaving the home.

Thank you for your cooperation.

Hallway refurbishment

The hallway refurbishment is planned to commence at the end of March.

Details of this have been shown to residents and staff for their comments and suggestions have been made.

Visitors can view the proposals as the proposals are displayed on the notice board.

We would welcome any input you have.

Our website is being revamped with new photos and a new design. We will let you know when it is completed.
