Welcome Ted

We would like to say a big welcome to Ted.

Ted moved in on the 5th of April.

He has settled in well and is getting to know all the staff and residents.

We hope he will be very happy here.

Decorating

Work has begun on the downstairs hallway.

The walls have been stripped and the coving has been put up.

It is proving to be a rather large job due to the location and size but we hope to keep disruptions to a minimum.

St Georges day celebrations

Unfortunately Boulter's Lock had to cancel last minute due to the carer who was transporting them being delayed at a hospital appointment with a resident.

Resident's really enjoyed the entertainment provided by Renee. They especially enjoyed singing Land of Hope and Glory whilst waving their flags.

The entertainment was finished with the National Anthem. Residents were then treated to a buffet tea with England themed plates.

Tania and Roger stuck abroad

Tania and Roger were enjoying a lovely holiday in Cyprus with their children when the volcano erupted in Iceland.

Tania always takes her laptop on holiday with her and kept in the contact with the home via e-mail and occasionally telephone calls.

They were due to return on the 17th of April but because all the flights to and from the UK were cancelled they didn't get home until the 22nd April!

We would say we were sorry but really we were very jealous!!!!

Election Day

6th May

If anyone wishes to vote
please let us know
