HOME GARDEN PARTY

Residents would like to invite their family and friends to join them for their annual garden party.

Sunday 19th July 2009

5pm—7pm

FREE Bar—b—que

THE GARDEN

The home's garden has had a lot of maintenance done throughout the spring months to make it look attractive for the summer.

Trees and hedges have been trimmed, the lawn has been weeded and fed; and the hanging baskets are being replaced. The flowers in the hanging baskets have been grown from seed and planted by Roger (proprietor).

Roger and his son, Tom, have also been growing vegetables in a local allotment, so soon the residents will be having home grown organic vegetables to enjoy.

RESIDENTS LEARNING THE INTERNET

Using a laptop and projector, Tania showed the residents the wonders of the internet. Some of the sites visited were the social network Face book and they were shown how the home orders their shopping online.

There was particular interest when the site 123people was used. Residents names were looked up to see if there was anyone in the world with their same name. One resident has the same name as an Oscar winning actress from the 30's and another is a young teenager doing amateur dramatics.

For the next internet session, Tania will be demonstrating Skype.

STAFF TRAINING

On 29th May 2009, staff received training in Safeguarding Adults - what abuse is, how to report abuse; and Writing Care plans - activities of daily living, residents identified problems and the plan of care.
