## Boulter's Lock visit

Reg, Molly, Kathleen, Gladys, Flo, Joan and Doris enjoyed a visit to Boulter's Lock home. There was some lovely entertainment provided and tea and cake for everyone.

## Water damage

As you may have seen we recently had a leak in the lounge due to a resident accidentally leaving their taps on upstairs.

The taps have now been changed to prevent this happening again. We apologise for the damage and we will endeavour to repair the holes as soon as we can.

## Solar Panels

The solar panels are now in place and working well.

Unfortunately the scaffolders left all their equipment up which inconvenienced some residents and we apologise for this.

A letter of complaint has been sent to the company.

We are planning on inviting them to see us again soon and we will also ask the entertainers who were there to come at the same time.

## Joyce and Marjorie

Joyce and Marjorie are currently in Wexham Park Hospital after becoming ill.

We have been to visit them and they are getting better.

We hope to have them home again soon.

## CQC Registration

The Care Quality Commission have approved our registration and we hope to get our certificate very soon.

## Carnival Day

3rd September  
2pm

## Church Service

16th  
September  
11am
